

# DYNAMIC

## — PULSE —

### SIGNAGE REQUIREMENTS

Address: Shop 16 4-14 Allamanda Drive, Daisy Hill

#### **Details**

Shop Type: Pilates Studio

Due Date: By end of May

#### **Signs Required**

Pylon sign on the big sign on the corner

Pylon sign for the smaller sign

Window tinting

Sign above shop

Basic roof sticker

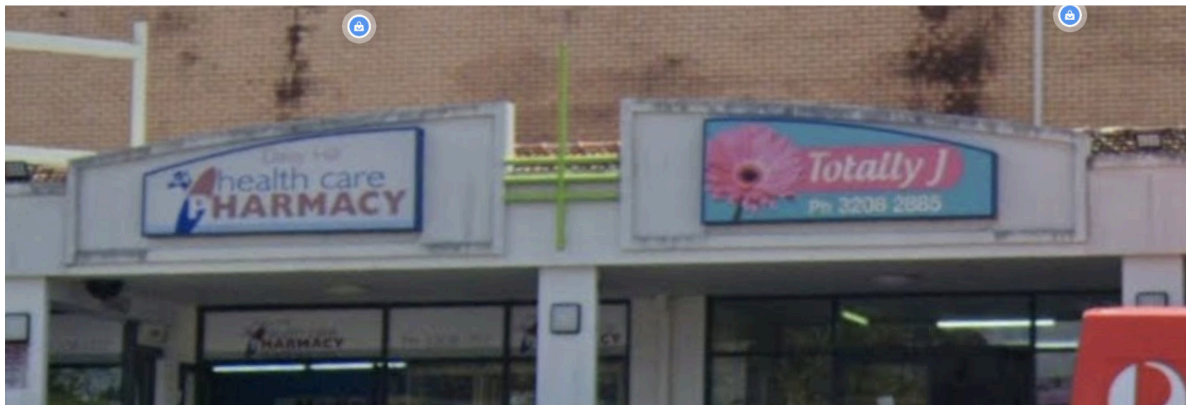

We are looking at either blackout window film or frosted Glass for the front window. And on top of that we would want our logo, and some information about the studio etc.

The width is roughly just under 5 metres.

Pylon Signs. Replacing DMK Dermalogica (3<sup>rd</sup> from the bottom on the right) on the big one and Faceframers (just above gym) hairdresser on the smaller one. They are both double sided.

The sign above the shop has a weird curved shape. The agent could not share the dimensions so it would need to be measured.

The shops have a simple sticker outside. We would replace HAIRDRESSER with REFORMER PILATES.
